

Volunteering at Beverley Park School

Welcome to Beverley Park School

Beverley Park School provides quality educational programs for students with moderate and severe intellectual and physical disabilities, ranging from Kindergarten through to Year 12.

Our school creates innovative, engaging and supportive learning environments by using state of the art technology and various methods of teaching to cater for the specific needs of students.

Our school is committed to strengthening partnerships with families and the wider community.

As a volunteer you will be helping to enrich programs for students with disabilities.

Please consider:

Conductive Education

Sessions involve students participating in Task Series that practice specific skills. They are highly structured one-to-one physical exercise sessions and are performed under the instruction of a member of the Therapy Team.

Hydrotherapy

Sessions are opportunities for students to utilise the effects of warm water. Each student will have an individualised goal. The sessions are conducted under the supervision of a member of staff. You can assist directly with students in the pool. Additional staff are also required poolside to watch, encourage and assist with the students.

Community Access

Sessions may involve excursions to venues such as shopping centres, parks and other community areas. You can assist directly with students in helping them access these venues and develop their social and living skills.

Becoming a Volunteer

1. Contact the school for an appointment
2. Participate in an induction of the school
3. Complete forms and declarations
4. Decide on the program you will support through volunteering
5. Commit to the program and attend on a regular basis

Volunteering!

Everyone benefits

Volunteer Responsibilities

As a volunteer you are expected to:

- Be reliable and notify the school of an inability to attend a session
- Respect confidentiality and privacy. The school is committed to ensuring privacy, dignity and confidentiality for our students. No information about a student is to be released or discussed with any person outside the school
- Carry out the volunteer position that you have agreed to do
- Ask for help and support when needed
- Be prepared to follow policies and procedures
- Give notice before you leave the organisation
